artificial intelligence
applications
visualization
interconnection

HOW TO GET TO ANGERS ?

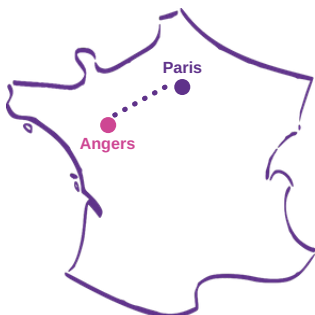

90min from Paris

2H30 from Paris
Charles de Gaulle

2H30 from Paris

Angers at the core of the digital world !

Angers pursues its digital vision by hosting the Global Forum / Shaping the Future on the 7th & 8th October 2019 under the theme of simulation. Common session will be held with ICMASim on the 8th.

Considered as the "Davos for ICT", this international think-tank for innovation and creativity will review key issues linked to digitization.
