Organisateurs / Organizers

Co-organisateurs / Co-organizers

Avec le soutien de / With the support of

ICMASim the gathering of public and private Simulation's experts

- Interconnection of Simulation
- The economic factor of Simulation
- Ethics in Simulation
- Simulation for crisis management
- Simulation and cyber security
- Simulation and risk prevention
- Education and training with simulation

- Simulation and industry 4.0
- Simulation and Product conception
- Simulation and extreme environments
- Simulation and e-health
- Simulation and transport
- Tools for simulation

**CALL FOR ABSTRACT
IS OPEN**

**Submit your abstract on the
ICMASim website**

Angers hosts
more than
3000 events
per year

Competitive industries

Angers a city
of vegetal, IoT
and health

The
metropolis
ranks 1st
among cities
where life is
good to live in

HOW TO GET TO ANGERS ?

90min from Paris by train

2H30 from Paris
Charles de Gaulle station

2H30 from Paris by car

Angers at the core of the digital world !

Angers pursues its digital vision by hosting the Global Forum / Shaping the Future on the 7th & 8th October 2019 under the theme of simulation. Common session will be held with ICMASim on the 8th.

Considered as the "Davos for ICT", this international think-tank for innovation and creativity will review key issues linked to digitization.
